

The screenshot displays a Wireshark interface with a packet capture of an HTTP GET request. The packet list on the left shows packet 10, an HTTP GET request to http://192.168.1.100:8080/. The packet details pane shows the request structure with fields like Host, User-Agent, and Accept. The packet bytes pane shows the raw data of the request.

No.	Time	Source	Destination	Protocol	Length	Info
10	0.000000	192.168.1.100	192.168.1.1	HTTP	107	GET / HTTP/1.1
11	0.000000	192.168.1.1	192.168.1.100	HTTP	107	200 OK (text/html)
12	0.000000	192.168.1.100	192.168.1.1	HTTP	107	GET / HTTP/1.1
